INTRALOT SETTING UP A NEW ONLINE GAMING OPERATING SYSTEM IN MOROCCO

Private Equity M&A IT and Data Protection Competition, Retail and Consumer Law Commercial and International Contracts | 24/03/11 | Julien Aucomte Florence Chafiol Marie Danis

August & Debouzy advised Intralot Morocco on setting up a partnership with the Société de Gestion de la Loterie Nationale and the La Marocaine des Jeux et des Sports (the "Lotteries") for the design, installation, use and management of a new online gaming operating system in Morocco.

August & debouzy also advised on the negotiation of the terms of the distribution agreement signed with Interactive Games, a subsidiary of Omnidata, national leader in the information systems industry. This agreement provides for Interactive Games' distribution of the games developed by Intralot and authorised by the Lotteries on mobile terminals in Morocco.

Intralot Morocco is a subsidiary of the Greek Intralot S.A group, a leader in the global market for gaming systems.

The following teams advised on this transaction:

Corporate aspects: under the supervision of Kamal Nasrollah, partner in the Corporate department and co-managing partner of August & Debouzy's Casablanca office, Adrian Gonzalez (Of Counsel), Julien Aucomte (Of Counsel), Laetitia Saulais and Ghiyta Iraqi.

Intellectual property aspects: Florence Chafiol-Chaumont, partner in the Commercial and IP department.

Litigation aspects: Marie Danis, partner in the Commercial and IP department, and Carine Dupeyron (Of Counsel).
