BIOGRAPHY

PARTNER, EUROPEAN PATENT ATTORNEY

Grégoire Desrousseau began his career as a patent attorney before being admitted to the Paris Bar in 2000 and joining August Debouzy as a partner in 2011.

Working in the Technologies, Media, Intellectual Property Department team, he assists French and foreign clients with all patent-related issues in an advisory role, with oppositions before the European Patent Office and in a litigation role. A graduate of Polytechnique and ENST, Grégoire Desrousseau is a lawyer and an engineer. His dual background, combining technical understanding and legal solutions makes him a real asset to clients.

Grégoire Desrousseau heads a team of lawyers with similar engineering backgrounds. He contributes to the transmission of knowledge by lecturing in patent law, at CEIPI (Center for International Intellectual Property Studies) and in engineering schools.
