BIOGRAPHY

Maya joined the Technologies Intellectual Property Media team in 2023. She advises French and international clients with respect to the drafting and the filing strategy of their patents.

Beforehand, she was a patent examiner for almost 5 years at the French patent office (INPI). Graduated from the CEIPI, she is qualified as a French patent attorney since 2022.

As a PhD, she mainly focuses her activity on patents in the fields of chemistry and process engineering.
